**I would like to have a link to my website from you Recommended Sites page, how do I do that?**

By default no one can add any links in- not even us, our webmaster takes care of that. So these are the following steps.

1, Please fill out the form on the [Contact Us page](#)

2, Add a link to us from your website.

3, Once we have verified the link, our webmaster will add your link into the [Recommended Sites](#) Page.

Please feel free to use any of our [Banners](#), the code is pasted on the [Banners](#) Page.

**Will this FAQ Page ever get finished??**

As soon as we have the time to site down and get the usual questions answered, we will get them posted ASAP.

---

**How Many Wheels on a VW Golf??**

There are 7 wheels in a Golf, in fact most cars have 7 wheels, with the exception of a Robin Reliant.
